BASKETBALL

Dear Student-Athlete:

I welcome you to Morehead State University and take great pride in introducing our 1998-99 Eagle Basketball Team. I am just as excited about exposing you to our great facilities, beautiful campus and tremendous people.

My coaching staff and I wish you the very best for a great high school experience. Whether you are an underclassmen who is just beginning to consider a college choice or a senior who is narrowing your choice of schools, I encourage you to make the most of your high school years by giving a great effort in the classroom and on the court.

One of the most important decisions you will ever make is "Where will I go to college?" I genuinely hope that you'll consider Morehead State University for the many benefits it offers to anyone who attends this fine institution.

First, and most importantly, Morehead State University offers 72 undergraduate degree programs in four colleges of study and is highly respected as a quality institution. As an example, our pre-med students are accepted into medical school at a rate of 77 percent, nearly 40 percent above the national average. Also, our exceptional student-teacher ration of 17:1 and 10:1 computer-student ration insure the availability of quality personal attention from professors and accessibility to computers. Our commitment to academics in athletics is obvious by our 14 percent higher graduation rate among athletes compared with non-athletes. Whatever your area of interest, Morehead State University can provide you with the necessary tools to reach your academic goals and jump start you towards the career of your choice.

A second reason to come to Morehead State University is athletics. As a member of the competitive Ohio Valley Conference, you will be challenged in conference play as well as by our tough non-conference schedules which has included the likes of Kentucky, Louisville, Cincinnati, Florida, North Carolina State and Vanderbilt. Our facilities are second to none in the OVC. We are especially proud of our recently dedicated weight room furnished with the finest weight training equipment available.

Third are the people. Our university and its community are committed to your success as a student and an athlete. The coaches, support staff, faculty, administration and fans are what separate Morehead State from other schools. Their commitment to you will be for the total person, so that your four years at MSU will be an unforgettable experience that equips you for the next 40 years of your life.

MSU is an affirmative action equal opportunity educational institution.

Kyle Macy

Kyle Macy, one of the Commonwealth of Kentucky's best known and most popular basketball figures, begins his second season as the Head Men's Basketball Coach at Morehead State University.

In announcing Macy's appointment, MSU President Ronald G. Eaglin said: "We believe strongly that this outstanding young man is the right choice at the right time

to restore the proud basketball tradition at our institution and to lead the Eagles back to the forefront of the Ohio Valley Conference. Kyle has a wealth of basketball playing experience and a broad knowledge of the game. We are confident that he will be successful as a Division I coach."

Macy, born in Kendalville, Ind., and a high school standout at Peru (Ind.) High School, was a two-time All-American at the University of Kentucky and played on the Wildcats' 1978 national championship team. He played three seasons at Kentucky after spending one season at Purdue.

Following his collegiate career, he spent seven seasons in the NBA, playing for the Phoenix Suns, Chicago Bulls and Indiana Pacers. In all seven of his NBA seasons, his team qualified for the playoffs. He also played three seasons in the Italian professional league.

From 1993 through 1997, he served as the color analyst for the University of Kentucky Radio Network's broadcasts of Wildcat basketball. He has also worked with Host Creative TV, Host Communications Radio, Raycom Television Sports, SportsChannel, Mutual Radio, ESPN, WVLK-Radio and Westwood One Radio.

From August, 1994, until his appointment as Eagle coach, he was a Correspondent Banking Officer for Central Bank & Trust Company in Lexington.

Macy's annual basketball camp has been held for 18 years and approximately 1,000 youngsters and 125 coaches participate annually. He has also produced an instructional bas-

ketball video and published a high school basketball preview.

"I'm extremely excited to be the head basketball coach at Morehead State," Macy said. "Becoming a head coach on the Division I level was something I'd been looking forward to since I was four-years old and sitting on the bench beside my father.

"As our program develops, our team will play an exciting, up-tempo style that players like to be involved in and fans like to watch. In order to progress, we will need to continue to recruit. And, we will need fan support. We hope that every home game will be an event that people look forward to. I'm confident that we can accomplish this turnaround as we implement our system and ideas and with the help of the MSU family of students, alumni, faculty and staff and friends."

The 41-year old Macy and his wife, Tina, have two daughters, Mallory Beth and Meredith Anne, and a son, Malone.

What They're Saying About Morehead State's Head Basketball Coach

Orlando "Tubby" Smith

University of Kentucky Basketball Coach

"I'm impressed with Kyle's tenacity and toughness as a coach. He has a strong background -- his father was a coach, he played for a national championship team and he had a long career in the NBA. It will take some time for his philosophy to take shape at Morehead State, but when it happens, watch out!"

C.M. Newton

University of Kentucky Athletic Director

"Kyle Macy is a son of a coach, and when I coached against him during his playing days, he demonstrated his ability to be a coach on the floor. I always felt he would make a good coach and he will prove that at Morehead State. He's got the skills, the ability and the personality to get the job done."

Jerry Krause

General Manager, Chicago Bulls

"Kyle Macy is one of the finest young minds in the game. He competed at the highest level of basketball without exceptional athletic ability because of his tremendous understanding of basketball and his dedication to the game. He will be a great teacher of young people with such an outstanding background to build on."

John MacLeod

Notre Dame Basketball Coach

"As a player, Kyle Macy was a true professional and demonstrated an exceptional understanding of the game of basketball. He's been an integral part of winning teams his whole life. I have no doubt that his ability to transfer what he learned as a player to coaching, combined with his outstanding character, will make him a highly successful coach at the Division I level."

Paul Westphal

Head Coach, Seattle SuperSonics

"Kyle Macy has been a winner everywhere he has been and I have no doubt that he will continue that at Morehead State as a fantastic coach."

Eagle Coach Kyle Macy and Kentucky Coach Tubby Smith meet before last season's MSU-UK game in Rupp Arena. The game was the start of Macy's coaching career and the start of a storybook season for Smith, whose Wildcats went on to win the NCAA Championship in his first season as head coach at Kentucky.

Learn From The Morehead State Coaches At Summer Camp

The summer months are the months that separate the good players from the great ones. It is during this time that hours upon hours of hard work can elevate a player's game to reaching his greatest potential. One way to hone your skills and make the most of your ability is by attending one of Kyle Macy's Morehead State summer camps.

An immediate increase in interest and support of MSU basketball began with the Kyle Macy era. One evidence of this increased enthusiasm for MSU hoops is the dramatic rise in the num-

ber of summer campers. In the summer of 1998, a total of 1,202 players took advantage of the Morehead State coaches at various Kyle Macy camps. That was a huge increase over the summer prior to Kyle Macy's arrival when less than 100 youngsters attended camp.

Coach Macy offers a variety of camps for all ages, from day camps for younger players to the always popular overnight camps for middle school and high school players. Regardless of which camp you choose, one thing that will not vary is the direct involvement of the Morehead State coaches with the campers. From registration until the end of camp, MSU coaches take a hands-on approach with the campers.

"We believe that it is important to work with young basketball players at our camps in the hope that our efforts will improve their fundamental basketball skills and overall understanding of the game," Coach Macy said. "We also strive to teach young people lessons off the court as well."

1998-99 Eagle Outlook

With the growing pains associated with his first year in charge of the Morehead State University Eagle basketball program behind them, Coach Kyle Macy and his staff begin the 1998-99 campaign with increased optimism and a feeling that their program is moving in the right direction.

The Eagles should be better at every position, either through improvement of the veterans or through the addition of an excellent group of newcomers.

Only four players return from last season's 3-23 squad. They are **Jeremy Webb** (F, 6-5, Jr., 10.3 ppg., 5.3 rpg.), the leading returning scorer and rebounder, **Dewayne Krom** (C, 6-8, So., 9.6 ppg., 4.6 rpg.), **Ted Docks** (G, 5-8, 5.3 ppg., 4.5 apg.) and **Thomas Jenkins** (G-F, 6-4, So., 3.3 ppg., 2.1 rpg.).

Webb and Krom were the team's most consistent players down the stretch in 1997-98. Webb will again contend for a starting wing spot, but could also see action inside. Krom's outstanding freshman season makes him the top candidate for the starting center spot.

Docks, who worked extremely hard during the off-season, has improved in all areas of the game and will battle again for the starting nod at point guard.

Jenkins made seven starts in 24 games and gained valuable experience.

Nine newcomers will join the four returnees.

Brett Bohanan (G, 6-4, Jr.) averaged 17.4 points and hit 115 three-pointers last season at Spoon River College. He brings excellent size and shooting ability to the wing.

Erik Brown (F, 6-5, Fr.) was one of the most celebrated high school players in Kentucky last season.

He averaged 23.5 points and 8.4 rebounds at Lexington Bryan Station High School.

Scott Charity (F, 6-7, Jr.) averaged 10 points and six rebounds against excellent junior college competition in California and should be a solid performer on the front line.

Brad Cleaver (G, 6-3, Jr.), a native of Murray, Ky., signed with MSU after earning all-conference honors at Kansas City Community College. He average 17 points and could be one of the top three-point shooters to enter OVC competition this season.

Dwane Samuels (C-F, 6-8, Jr.) signed with MSU during the November, 1997, signing period. As with Charity, he will provide important help on the front line.

Kyle Umberger (F, 6-7, Fr.) is the second leading career scorer in the storied history of Ashland (Ky.) Paul Blazer High School. He averaged 19 points and 10 rebounds as a senior.

Bernard Evans (F, 6-5, Jr.), from St. Petersburg Community College and Covington (Ky.) Holmes High School, **James Myers** (G, 6-1, Fr.), from Pittsburgh's Schenley High School, and **Travis Williams** (F, 6-4, Fr.), from Logan County (Ky.) High School are walk-on candidates.

"We're extremely excited as a coaching staff," Macy said, "because the attitude and work ethic of this year's squad is so much improved. All of our players are interested in working hard and getting better."

The non-conference portion of this year's schedule, includes trips to Florida and Vanderbilt and a home game against Evansville.

The Morehead State University Cheerleaders

Nine-Time National Champions

The Morehead State University Cheerleaders are always a part of Eagle basketball games in Johnson Arena. MSU's co-ed cheerleading squad has won nine national championships, including eight in a row. The all-girl squad won its first national championship in January, 1998. Both squads are pictured in Johnson Arena (above) and at the MGM Studios in Walt Disney World (left).

MOREHEAD STATE UNIVERSITY -- An Overview

Meeting the educational needs of Eastern Kentucky while striving to constantly improve the quality of its public service, economic development and applied research programs are the primary objectives of Morehead State University.

Historically the University traces its lineage to the Morehead Normal School, which opened its doors in 1887. The private school closed in the spring of 1922 when the Kentucky General Assembly established Morehead State Normal School. The state institution accepted its first students in the fall of 1923 and graduated its first class in 1927. Name changes occurred in 1926 when "and Teachers College" was added, again in 1930 when it was shortened to Morehead State Teachers College, again in 1948 when "Teachers" was dropped and, finally, to university status in 1966. Twelve men, starting with Dr. Frank C. Button, have served as president. Dr. Ronald G. Eaglin assumed office as the 12th president on July 1, 1992.

Academically, MSU offers 72 undergraduate degree programs, including 15 associate level degrees and 10 pre-professional programs in four colleges -- Business, Education and Behavioral Sciences, Humanities, and Science and Technology -- and 21 academic departments. There are 24 graduate degree programs plus 2 graduate level non-degree

programs designed especially for professional educators. A post-master's level degree, education specialist, and a joint doctoral program with the University of Kentucky also are offered on the MSU campus.

Classes also are conducted in Ashland, Jackson, Maysville, Pikeville, Prestonsburg, West Liberty, Whitesburg and other locations. Extended campus centers located in Ashland, Prestonsburg, and West Liberty are staffed with full-time personnel. Additionally, the University offers a number of distance learning courses throughout the region via internet and interactive compressed video.

Physically, the University is located in the foothills of the Daniel Boone National Forest in Rowan County. The nearly 500-

MOREHEAD STATE UNIVERSITY -- An Overview

acre main campus within the city limits of Morehead includes more than 50 major structures. Beyond the city, the University's real estate holdings include the 320-acre Derrickson Agriculture complex and a nine-hole golf course. The instructional plant includes 120 class rooms and 112 laboratories. Housing facilities include space for 3,400 single students and 178 families.

Statistically, the University has awarded more than 40,000 degrees, has an average fall enrollment of 8,400 and more than 980 full-time employees. The student body represents 99 Kentucky counties, 38 other states and 33 foreign countries. The University attracts more than 55,000 visitors annually and its economic impact on the Morehead area is estimated at more than \$70 million yearly.

Administratively, the University is governed by an 11-member Board of Regents with eight citizens appointed by the governor and three seats held by the elected faculty, staff and student representatives. Management of the institution is vested primarily in four divisions -- Academic Affairs, Administration and Fiscal Services, Student Life and University Advancement. Each is headed by a vice president.

Athletically, the University sponsors 18 intercollegiate sports for men and women in accordance with the regulations of the Ohio Valley Conference and Division I of the NCAA. Intramural athletics are involved with 20 teams and individual sports.

MSU Basketball History

Morehead State University has fielded an intercollegiate basketball team since its infancy, and Eagle teams have won nearly 850 games and more than 20 conference or tournament championships and have participated in five NCAA National Basketball Championships.

MSU basketball began to earn regional and national prominence in the late 1930's when Ellis Johnson, a native of Ashland, Ky., and a multi-sport standout at the University of Kentucky, became the Eagle coach. Johnson coached the Eagles for 15 seasons, missing the 1943-44 and 1944-45 seasons due to military commitments during World War II. He remains the University's all-time winningest coach with 196 victories.

Among the great players during Johnson's tenure were All-Americans Earl Duncan, Warren Cooper and Sonny Allen. All three were 1,000-point scorers, and Allen went on to a professional career and then served MSU in many capacities, including baseball coach and assistant athletic director before his retirement. The Eagle baseball field is named in his honor.

Johnson passed the coaching torch to Bobby Laughlin. Laughlin coached MSU for 12 seasons, and his teams earned

Coach Bob Laughlin

Bob McCann

four Ohio Valley Conference championships and three trips to the NCAA Championships.

Early in his tenure, Laughlin benefited from performances by All-Americans Dan Swartz and Steve Hamilton. Swartz was honored twice on All-America teams and went on to an NBA career with the Boston Celtics. Hamilton was adept at both basketball and baseball and is one of only two individuals to ever play in both an NBA Championship Series and a World Series. After leaving MSU, Hamilton played for the Minneapolis Lakers of the NBA before concentrating on a baseball career that saw him pitch for several teams, most notably the New York Yankees.

MSU Basketball History

Coach Wayne Martin

In 1955-56, the Eagles won two games in the NCAA Championships before being eliminated. In 1956-57, MSU lost a first round game to a very talented Pitt squad by only one point.

MSU's other NCAA appearance under Laughlin came in 1960-61 when the Eagles defeated Xavier in the first round, then lost a seven-point decision to Kentucky. Granville "Granny" Williams scored 705 points for the 1960-61 team.

All-American Harold Sergent was the standout player during the final years of Laughlin's tenure.

Bob Wright took over as the Eagle coach in 1965-66 when Laughlin became the University's athletic director. Wright's teams featured two of the most exciting players in Eagle history, "Leapin" Lamar Green and Willie "Hobo" Jackson. Green went on to a successful professional career.

Bill Harrell succeeded Wright and led MSU to two conference championships. His teams featured native Kentuckians Leonard Coulter, Howard Wallen, Jim Day, Arch

Johnson and Ted Hundley. Coulter earned All-America honors in 1972.

MSU went through some lean years in the late 1970's, but play was always exciting thanks to Hundley and Herbie Stamper, MSU's all-time leading scorer. Stamper, a long-range bomber, scored 2,072 points without benefit of the three-point line.

Wayne Martin took over as MSU coach in 1978-79 and led the Eagles to two NCAA appearances in his nine seasons. Eddie Childress and Earl Harrison were standouts on the 1982-83 and 1983-84 NCAA teams.

Bob McCann, an OVC player of the year, was a standout player from 1984 through 1987 and has since played for several NBA and European professional teams.

The latest Eagle to make his mark nationally was Bret Roberts, OVC Player of the Year in 1991-92. Roberts led the nation in scoring with 28.1 ppg. average in 1991-92. He was drafted in both the major league baseball and NBA draft. He played professional baseball in the Minnesota Twins organization.

As you can see, All-Americans, scoring champions, Player of the Year honors and NCAA postseason play is not new to Morehead State. The challenge now is to revive that tradition!

OVC Sportsmanship Statement

General. The Ohio Valley Conference is committed to establishing sportsmanship and developing healthy environments for competition. This conference wants to lead the way in abolishing the notion that it is desirable to create a "hostile" environment for intercollegiate athletic contests. Instead, we will strive to create "hospitable" environments. We believe that part of the role of education through sports is to teach our youth and our communities to conduct themselves with sportsmanship and respect for opponents.

In an effort to achieve this goal, the Conference has developed this statement which outlines the expectations of the various groups and individuals associated with our intercollegiate athletics program.

Administration. It is incumbent upon institutional administrators to create an environment of hospitality for visiting teams, particularly for those individuals at Conference institutions. OVC administrators must develop the attitude that the treatment of a visiting team and its fans will be in the same manner that they would want their teams to be treated.

The athletics director at the host institution must ensure that he or she, or someone else designated as game manager, approaches the coach of the opposing team at a spectator event in order to welcome that coach to the institution, provided an opportunity for the coach to address and concerns, indicate the location of the game manager in the arena or stadium and identify security personnel to ensure that the visiting team is protected from abuse from the home crowd and that security is in very close proximity to the visiting team's bench. Each institution must arrange its seating at spectator events so as to emphasize sportsmanship and minimize the harassment of the visiting team and its fans.

The athletics director must ensure that those who are employed by the university treat the opponents with fairness and respect. For example, public address announcers must be required to announce the contest in an evenhanded manner with equal excitement for both teams. The institution's chief executive officer and athletics director should review periodically with other athletics department staff members, coaches, student-athletes and spirit groups (cheerleaders and bands) precisely what is acceptable conduct, as set forth in this document.

Coaches. Coaches have the greatest amount of influence over whether the young people in their programs are taught and follow the high principles of sportsmanship. The OVC has been benefited by coaches who have risked losing a contest by removing student-athletes who have demonstrated disrespect for the opponents. This discipline measure educates that individual and his or her teammates about the importance of sportsmanship over participation and winning. This type of attitude and courage must be adopted by all OVC coaches. Administrators and coaches must pay special attention to their student-athletes' behavior and continually emphasize the need for sportsmanship and respect. Such education is needed to counteract the constant messages received by our young people from many professional athletes and others who demonstrate a lack of respect for opponents. This Conference and its coaches are committed to teach messages that are appropriate about sportsmanship.

Coaches also have the ability to influence the behavior of their fans. OVC coaches must take every opportunity when addressing the media, booster groups or other public forums to express the desire for fans to support their team at home contests, but not to abuse the visiting team. Coaches and administrators should stress that the participants in our athletics contests are young people who do not deserve to be mistreated by a hostile crowd.

Student-Athletes. Respect for the game in which the student-athlete participates also demands respect for the opponent. Student athletes at OVC institutions are expected to treat opponents with sportsmanship. There can be no tolerance for taunting and baiting of opponents.

OVC student-athletes must understand that they are perhaps the most visible representatives of their institutions. Also, their behavior is observed and emulated by many who are younger. OVC student-athletes must honor the responsibilities that accompany the privilege of representing our schools by behaving with dignity and class on and off the field.

Spirit Groups. Like our student-athletes, these groups are visible representatives of our universities. As such, we place high expectations on them for decent behavior. Cheerleaders, bands and other spirit groups are admitted to contests at the pleasure of our institutions to support their teams and assist in creating a fun atmosphere. They are not admitted in order to disrupt or confront the opponent and such behavior will not be tolerated. Their focus must be toward encouragement of their team and respect for the opposing team.

Officials. Officials who are assigned Conference contests must enforce the rules regarding sportsmanship, without tolerance for abuse. The only warning to participants and coaches regarding sportsmanship should come at the beginning of the contest. Once the contest begins, penalties (consequences), not warning, must be assessed for violations of unsportsmanlike conduct. Similar to the baseball policy of ejecting coaches for arguing balls and strikes, the Conference will require that officials eject any coach who protests unsportsmanlike conduct calls, provided such ejection is permissible to the rules of that sport.

Each official assigned by the OVC will be provided a card with the following statement which must be read to the captains and coaches of every contest prior to the beginning of the game: "The OVC requires officials to enforce all rules regarding unsportsmanlike conduct by coaches and players. There will not be any tolerance for negative statements or actions between opposing players, especially taunting and baiting. If such comments are heard, a penalty will be assessed immediately. If any coach protests an unsportsmanlike penalty, he or she will be ejected for the contest. We have been instructed not to issue warnings during the contests. It is strongly suggested that you remind your participants of this policy." Officials who do not follow this policy will be subject to suspension.

Commissioner. The commissioner is expected to enforce the unsportsmanlike conduct rules of the game and the Conference. He or she is authorized to assess penalties for improper behavior that is not detected or properly addressed during the contest. Institutions and their personnel are expected to fully cooperate with his or her effort to investigate possible improper behavior.

In the unfortunate event that an altercation occurs during a contest, all individuals who are on the bench are expected to remain there. It is incumbent upon the head coach to ensure that this occurs. The commissioner is directed to suspend automatically the head coach of a team whose bench personnel enter the field or court of play during an altercation, regardless of whether those individuals become involved in the altercation.

Fans. The Conference hopes and believes that the establishment of the principles outlined in this document will create a wholesome atmosphere that will attract more fans to our events. The fans attending our games must be reminded by the public address announcer of the expectations of sportsmanship and respect for both opponents.

We expect that all fans will act in an appropriate manner, and respect the opposition and the officials. We understand that occasionally there are individuals who attend games and abuse the opposition and officials. Those individuals may be dismissed from athletic events.

Concluding Statement. The Conference believes that the effort to meet the expectations outlined in this document will increase the attractiveness at our athletic events by creating a healthy environment for our competition.
